

2015 National Geospatial Preparedness Summit *Sponsor Guide*

The Nation's inaugural preparedness Summit,
dedicated to advancing the use of location-
enabled decision support technology & data.

Sponsorship Overview

On August 4-5, 2015, the National Alliance for Public Safety GIS (NAPSG) Foundation is co-hosting the inaugural National Geospatial Preparedness Summit, bringing together leading local, state, and Federal public safety officials and GIS responders. .

Goal: In partnership with the US Department of Homeland Security and state/local agencies, the Summit will convene public safety practitioners and GIS responders from across the Nation - to **forge collaboration**, enhance **situational awareness** capabilities, solve **information sharing** challenges, and discuss ways to better **apply location-enabled decision support tools** in planning and operations.

Our call: NAPSG Foundation understands the important role that the private sector plays in meeting the needs of our public safety GIS community. This sponsorship program provides an opportunity for companies to support NAPSG Foundation's and our partners' goal of serving the public safety & GIS community.

Sponsorships opportunities are limited to only 10 companies, as the benefits are tailored to maximize benefit to both our sponsors and participants.

Summit Location: US Department of Homeland Security, Acquisition Institute, 90 K Street, NE, Washington, DC 20002.

NAPSG Foundation is a 501 (C) (3) charitable nonprofit. All contributions are tax deductible for US taxpayers to the greatest extent allowed by the IRS.

Sponsorship opportunities are limited - please contact Peter O'Rourke by email at porourke@publicsafetygis.org or by phone at 202-895-1711.
