## Sponsorship Overview

**On August 7-9, 2017**, the National Alliance for Public Safety GIS (NAPSG) Foundation is co-hosting the 3<sup>rd</sup> Annual National Geospatial Preparedness Summit, bringing together leading local, state and Federal public safety officials and GIS leaders.

**Goal:** In partnership with the US Department of Homeland Security, US Geospatial Intelligence Foundation, and other public safety associations, the Summit will convene public safety practitioners and GIS responders from across the Nation to better **apply location-enabled decision support tools** in planning and operations. Public safety practitioners will attend this Summit at no cost, thanks to the generosity of our Private Sector Sponsors.

**Our call:** NAPSG Foundation understands the important role that the private sector plays in meeting the needs of our public safety GIS community. This sponsorship program provides an opportunity for companies to support NAPSG Foundation's and our partners' goal of serving the public safety & GIS community.

*Sponsorships opportunities are limited to only 10 companies, as the benefits are tailored to maximize benefit to both our sponsors and participants.*

*Private sector registration is limited only to Event Sponsors.*

**Summit Location:** University of Alabama - Tuscaloosa, AL

*NAPSG Foundation is a 501(C)(3) charitable nonprofit. All contributions are tax deductible for US taxpayers to the greatest extent allowed by the IRS.*

*Sponsorship opportunities are limited - please contact Peter O'Rourke by email at [porourke@publicsafetygis.org](mailto:porourke@publicsafetygis.org) or by phone at 202-895-1711.*
