

InSPIRE

Innovation Summit for
Preparedness & Resilience

2019 Sponsorship Guide

National Alliance for Public Safety GIS (NAPSG) Foundation
5335 Wisconsin Ave., NW | Suite 440 | Washington, DC 2001

Sponsorship Overview

On November 12-14, 2019, the National Alliance for Public Safety GIS (NAPSG) Foundation is co-hosting its 5th annual training summit – rebranded as the Innovation Summit for Preparedness & Resilience (InSPIRE), bringing together leading local, state and Federal public safety officials, first responders, and GIS professionals.

Goal: In partnership with the US Department of Homeland Security and national public safety associations, InSPIRE provides first responders and emergency managers with a one-of-a-kind opportunity to share experiences, deepen skills, build relationships, and develop practical solutions to the most vexing challenges by policy and technology for preparedness and resilience. Public sector participants attend at no cost, thanks to the generosity of our Private Sector Sponsors.

Our call: NAPSG Foundation understands the important role that the private sector plays in meeting the needs of our public safety technology community. This sponsorship program provides an opportunity for companies to support NAPSG Foundation's and our partners' goal of serving the public safety & GIS community.

Sponsorships opportunities are limited to only 10 companies, as the benefits are tailored to maximize benefit to both our sponsors and participants.

Private sector registration is limited only to Event Sponsors.

Summit Location: Texas A&M University, Galveston

NAPSG Foundation is a 501(C)(3) charitable nonprofit. All contributions are tax deductible for US taxpayers to the greatest extent allowed by the IRS.

Sponsorship opportunities are limited - please contact Peter O'Rourke by email at porourke@publicsafetygis.org or by phone at 202-895-1711.
